Last Friday night Dr. Myers' lectured on "The Realm of Unseen Forces" to a large and appreciative audience. There was much that was old in this lecture yet ever new and the speaker brought home many truths to his hearers. It was a good lecture full of help and encouragement to press on to the better things of life. This closes the regular course of entertainments but the committee still have another number in view which will be advertised when the proper time comes. Dr. Myers at the close of his lecture talked to the about a seven day chautauqua for Wa-Keeney this summer. He promises things that sound pretty good to the people here if it can be put through.

Just to show our readers that the cow is the most profitable animal in western Kansas we had W. B. Kelly figure out how many pounds of butter fat and what they paid out for same during the last year. The following are the figures:

Number of pounds of butter fat	20,877
Bought in 1912.....	20,877
Average price paid.....	.26
Amount paid to farmers....	\$5,428.02

The High school pupils moved into the new High school building last Monday morning and from the nice remarks heard from the students we are inclined to believe they appreciate the efforts made by the people of the county in furnishing them such pleasant surroundings, and we hope it will be an incentive to them to put their best foot forward from now on.

Henry Butcher called Monday and informed us that he had just returned from a visit to Arkansas and that he had visited with Dave Gillespie, S. N. Moore and F. M. Eppler at different places. He says the boys are all doing fine and like the country and adds a western Kansas man can do well in Arkansas as it will take just such men to build up that country and make a fit place to live.

### OBITUARY.

Franklin Perry Clark was born near Carrollton, Ill., December 4, 1832, died February 27, 1913, at his late home north of Ellis. He was married to Miss Mattie Wood, August 16, 1864, to this union were born six children: Rose Horton, Wm. Clark, Mrs. J. F. Canby of Dinuba, Calif., Mrs. W. L. Graham of Porterville, Calif., John H. Clark and Frank C. Clark.

In 1880 he united with the First Baptist church at Bois De Arc, Ill., later he united by letter with the First Baptist church at Ellis, where he was a member at the time of his death.

Mr. Clark was one of the pioneer settlers of Trego, coming to Kansas from Illinois in 1837.

He was a kind and loving father, a good neighbor and will be greatly missed by his many friends.

He leaves an aged wife, six children, thirteen grand children and two great grand children to mourn his loss. x x x

J. G. Hixson shipped a car of hogs Tuesday.

Mrs. Ida Pierson moved into the Roy Marshall property the first of the week.

R. H. Burs and family of Topeka, are expected here about the 15th of the month.

J. G. Hixson sold 200 head cattle and four head of mules to Mr. Terrell of Grainfield last Saturday.

Mr. and Mrs. R. Kirkendall enjoyed a visit from their son and family of Sharon Springs, this week.

Chas. Steele has rented the Sam Parks farm on the Saline and moved his family there the first of the week.

Henry Burns and family of Route 3 departed the middle of the week for Colorado, where they will reside in the future.

Peterson, the horse buyer, had bad luck west of here which made him cancel his date here Tuesday afternoon. He will be back in about two weeks.

F. E. Teague was down from Collyer Thursday afternoon to consult the doctor as he is suffering from a very severe cold. He made us a pleasant call.

Mr. and Mrs. L. G. Johnson of Longmont, Col., are pleasantly located on their old home on Big Creek, which they left a number of years ago. We welcome this good family back to Trego county.

Last Thursday morning while Mr. and Mrs. C. L. Hardman were on their way to Phillipsburg by auto they met with an accident which might have resulted in much more serious injury than it did. The front wheel came off when they were about ten miles from town throwing Mrs. Hardman out. She received a badly sprained shoulder. Mr. Hardman managed to stay in the car so received no injuries.

### Sensitive Plant Life.

The craving of plants and trees for water has sometimes led them to terrible extremes. A poplar has been known to burrow beneath a wall, under a road, and down a well—all in search of water, and a pertinacious turnip which got the tip of its root into the crack in a field drain went on and on until it was six feet long in the drain. So sensitive is the tip of the root on the water question that Darwin declared it must have a brain in it.

### Method of Bleaching Ivory.

To bleach ivory ornaments or piano keys the following method works well. The ornaments are first washed or "soaked," if possible, in a bath of unslaked lime, which has in it a few ounces of bran and water. This should make a paste solution if properly mixed, and will bleach the ivory which is discolored or stained. It should be rubbed off with a cloth and the ivory dried in magnesia powder. After a few minutes a few strokes with a cloth gives the ivory a brilliant polish.

### Sympathetic Judge.

A middle aged woman, who was charged at Marylebone (Eng.) with being drunk, was said to have been found lying fast asleep in a garden on a quantity of cut flowers. "I must say I feel a little sorry for you," said Mr. Plowden. "Asleep on a bed of flowers—wakened up and brought back to this wicked world. It must have caused you a shock. You may go with a caution."

### Mark Twain in Satirical Humor.

"Even the cleverest and most perfect circumstantial evidence is likely to be at fault, after all, and therefore ought to be received with great caution," said the late Mark Twain. "Take the case of any pencil sharpened by any woman. If you have witnesses, you will find she did it with a knife, but if you simply take the aspect of the pencil, you will say she did it with her teeth."

### Remained Long Under Water.

The Paris swimming-master, Poulliquen, accomplished a remarkable feat recently by remaining six minutes twenty seconds under water. His previous best performance was four minutes thirty-one seconds. M. Poulliquen seemed quite fresh after his exploit, and in proof of it jumped into the water again and swam thirty yards at full speed.

### Good Object Lesson.

The pupils of a Cleveland (Ohio) school have taken part in a dramatic sketch before the moving picture camera, and their youthful figures and the lesson they teach will soon be known throughout the land. For it is a lesson that they are teaching—the lesson of the importance of the care of the teeth.

### Meaning of Love.

You must first find out the meaning of love and then see that you do what love bids you, but the essential thing is that you must find out that meaning for yourself.—Tolstoy.
